

Relocated Portable Classroom 906
Auburn Mountainview High School

Existing Portable Classroom 668 is being relocated from Lea Hill Elementary School to Auburn Mountainview High School where it will be renumbered as Portable 906.

The existing portable was constructed in 2018 by Modern Building Systems in Aumsville, OR. The following drawings are the engineer's original construction drawings for the portable, dated 5/1/18.

The project scope for relocating this portable classroom building includes replacement of the existing foundation, ramp, and landing with new. All new work will meet current code requirements.

The fire alarm system permit application will be a deferred submittal.
